

Guest Room: Franziska Kunze & Marta Binazzi

Mar 09, 2023

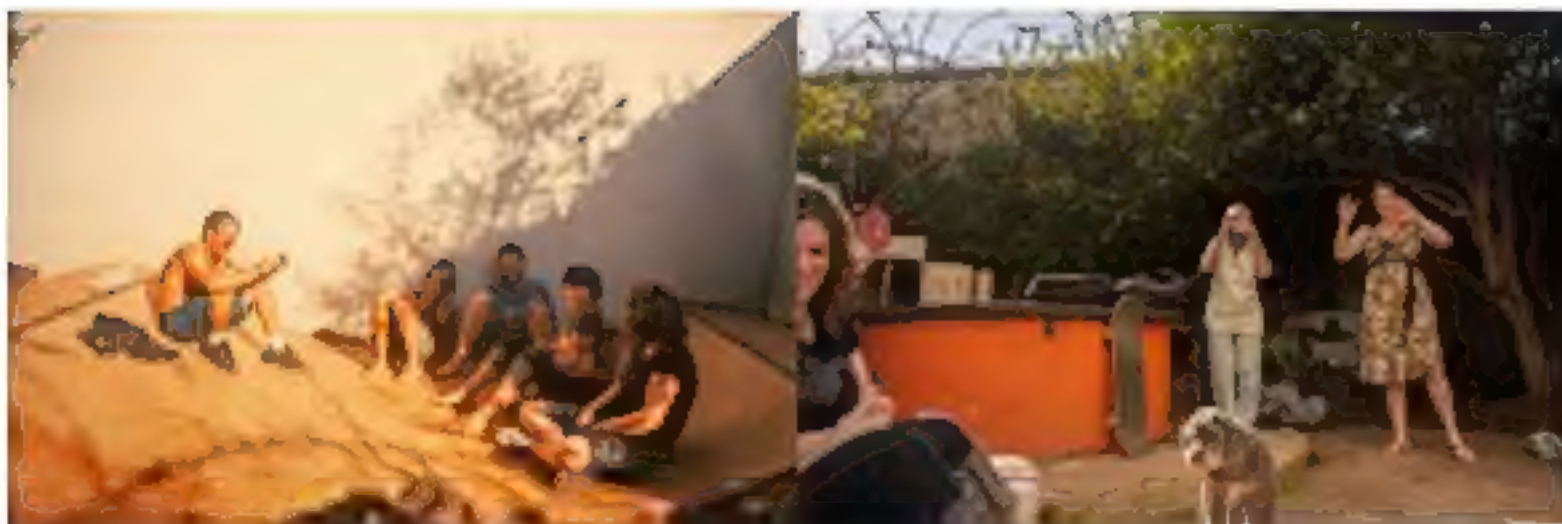

Guest Room aims to spark collaboration. Franziska Kunze, Chief Curator of Photography and Time-Based Media at the Pinakothek der Moderne in Munich, has chosen to collaborate with Marta Binazzi, who is Photo Archivist at the Biblioteca Berenson, I Tatti, The Harvard University Center for Italian Renaissance Studies.

Together, they have developed the following framework for your submissions: "An archive is an archive is an archive".

With "An archive is an archive is an archive" – adopted from Gertrude Stein's echoing and brilliant quote – Franziska Kunze and Marta Binazzi want to explore the possibilities of archival matters within photography. What do photographs do in archives? What do archives do with photographs? What do you do with both?
